

LIFE STORIES

PLANTS AND ANIMALS

Level: **Grades K-2**

Length: **45 minutes**

PROGRAM DESCRIPTION

Explore the world of plants and animals in a fun and hands-on way. Through performances, audience participation and live animal encounters, your students will learn about the basic needs of plants and animals and their life cycles.

CURRICULUM CORRELATIONS

Students will:

1. Identify the characteristics and basic needs of plants and animals. **S1L1b**
2. Explore parts of a plant and compare and describe various animals. **S1L1a**
3. Investigate the life cycles of different living organisms. **SKL2c; S2L1a,b,c,d**

ESSENTIAL QUESTION

How do organisms *live, grow* and *respond* to their environment?

PROGRAM VOCABULARY
